

FOUR NEW ENGLAND WALLINGFORD'S ARE NOW UNDER ARREST

Ponzi Surrendered by Bondsmen and is in Jail

OLD COLONY OFFICERS TAKEN IN CUSTODY

BOSTON, Aug. 13.—Four men who have accepted millions of dollars from New England investors in the last few months, on promises of payment of fabulous interest were behind the bars tonight. Charles Ponzi, whose spectacular financial dealings have made his name known in the country over, was surrendered today by the man who furnished \$35,000 bonds for his release yesterday after his arrest by the federal authorities. Unable to find another bondsman, Ponzi was taken to the Middlesex county jail at East Cambridge.

Three officers of the Old Colony Foreign Exchange Company were arrested and held in \$5,000 bonds each on a technical charge of larceny of \$500 from persons unknown. In default of bonds they spent the night in jail. They are Charles M. Brightwell, president and treasurer of the concern; Raymond Meyers, office manager, and Fred Meyers, sales agent. All three pleaded not guilty.

That the activities of this company might have rivalled those of Ponzi's Securities Exchange Company was intimated by Albert Hurwitz, assistant district attorney, when he told the court that the amounts involved in its transactions probably will be shown to be hundreds of thousands of dollars.

The three men will be given a hearing August 24. Samuel Zorn, said to have been employed by the company as an agent, was arrested tonight on the same charge as three officers of the concern. No bail was fixed and he was locked up.

Further criminal proceedings were taken against Ponzi today. In the municipal court a blanket warrant was issued charging him with larceny in 52 counts totaling \$94,000.

Further bankruptcy proceedings in which for the first time partners of Ponzi were mentioned were brought in the federal court. The three petitioners asked that Ponzi and John S. Dondorf of Medford and Guglielmo Bertolotti of Parma, Italy, be adjudged bankrupt.

Rumors were current tonight that further developments bearing on "get-rich-quick" schemes might be expected in the near future, but there was no hint as to the nature.

Joseph C. Allen, state bank commissioner, said he knew of no foundations for reports that Ponzi's crash might involve any bank or institutions except the Hanover Trust Company.

The arrest of officers of the Old Colony Foreign Exchange Company came after a frenzied run by note holders upon the company's offices.

The total amount of Ponzi's liabilities is still undetermined. Edwin L. Smith, the auditor, said tonight that altho his work was not finished, he had found liabilities totaling \$8,000,000 and that Ponzi had told him his assets amounted to \$4,000,000.

Old Colony Company Organized in July

The Old Colony Foreign Exchange Company was organized on July 10, last, under deed of trust with C. S. Brightwell, Raymond Meyers and Gunnar E. R. Lindell of Sweden, as trustees. While the run on Ponzi was in progress the exchange company tried to attract investors from among Ponzi's note holders.

These people were promised 100 per cent return on their money in six months. Offices were opened in other New England cities. Brightwell told District Attorney Gallagher that his company intended to do a general foreign trade business.

Mr. Gallagher said today that investigation so far had failed to show any violation of federal laws by Brightwell's concern.

Attorney General Allen, who has been investigating the activities of Ponzi and the Old Colony Foreign Exchange Company said today that he knew the exchange company had sent large sums of money abroad. It was learned tonight that Brightwell was at one time associated with Charles H. Chaplin in a midget venture at Sault Ste. Marie, Michigan.

THINK BOLSHEVIK AGENTS TRAFFIC IN PRECIOUS STONES

Believe Federal Authorities Have Unearthed Organ- ized Courier Service

PACKAGE INTENDED FOR SOVIET AGENTS

WASHINGTON, Aug. 13.—(By The Associated Press.)—Traffic by Bolshevik agents in precious stones, supposed to have formed part of the famous jewels of the Russian royal family has been unearthed by federal authorities. The one hundred and thirty diamonds found on Neils Jacobson, a Swedish sailor by customs officials in New York July 23, it became known today, were enclosed in a package addressed to "Comrade Martens." Using this as a lead federal officials began an investigation which they declare has definitely connected Ludwig C. A. K. Martens, self-styled Soviet ambassador to the United States with the traffic. Disclosure of the contents of the package was intended for Soviet agents with withheld when Jacobson was arrested, altho details as to seizure of the jewels themselves were then made public.

Introduction of the alleged incriminating evidence of the traffic in precious stones at the last hearing in the deportation proceedings against Martens, resulted in postponement of further hearings until August 30 to enable him to obtain evidence if possible in refutation of the charges.

Asks For Investigation.

Counsel for Martens already had asked that a government commission be sent to Stockholm to investigate the alleged smuggling system. Begun six months ago the smuggling is described as the most perfectly organized courier service between Bolshevik agents abroad and in the United States that has been discovered.

Enclosed about the diamonds taken from Jacobson from officials exonerated from any complicity, was a quantity of communist literature, including an appeal of the executive committee of the Third Internationale at Moscow to the I. W. W. This manifesto declared:

"Unless the workers of other countries rise against their own capitalists the Russian revolution cannot last."

The general issues of the campaign, he added, will be discussed not only tomorrow but in all future speeches.

His Wheeling engagement calls for an address to the West Virginia Democratic convention about 2 p. m., and a public address in the evening on the river bank. The governor and his party will motor to Wheeling, leaving here at 7 a. m., tomorrow. He will remain over Saturday night at Wheeling, returning here by automobile Sunday.

SCALE COMMITTEE MEETS, ORGANIZES, AND ADJOURNS

Michael Gallagher of Cleveland Elected Chairman

ALEXANDER HOWAT TO ATTEND MEETING

CLEVELAND, O., Aug. 13.—The wage scale committee of the bituminous coal operators and the union miners of the central competitive field met in executive session here today in pursuance to a request of President Wilson to consider a change in wages and after organizing, adjourned until 10 a. m., tomorrow.

Michael Gallagher, Cleveland operator, was elected chairman of the conference and William Green, secretary-treasurer of the miners, was named secretary.

The miners held a caucus this morning without reaching a decision on the exact wage increases they will demand. The figure generally mentioned is \$2 over the present wage of \$6 paid the men by the industry. About 27 per cent of the industry. Several committeemen freely admitted tonight that if the day men received their full demand the tonnage men also would probably ask an increase. President Lewis declined to comment on this.

Altho only the scale committees in the central competitive field, comprising western Pennsylvania, Ohio, Indiana, and Illinois, are actually taking part in the conference, representatives of practically every state organization of the miners' union are here. Iowa miners' officials arrived today.

According to J. C. Lewis, state president of the Iowa miners, Alexander Howat of Kansas will represent the men from Kansas, expected here tomorrow. He said Iowa miners are demanding increases for tonnage as well as day workers and that \$8 a day is the day workers' goal.

Frank Farrington, president of the Illinois miners said: "I don't know what the rest will get, but I do know the Illinois men will get \$8 a day."

Most of the scale committee members are under indictment in Judge A. B. Anderson's federal court in Indianapolis for charges growing out of the great coal strike last fall. When asked whether they might be embarrassed by a possibility of contempt of court action if they undertook to tamper with the present agreement, operators' officials said today that "had been taken care of."

The conference here was called, it was said, with approval of Attorney General Palmer.

SUFF ADVOCATES HOLD ADVANTAGE

Raleigh, N. C., Aug. 13.—Ratification advocates held the advantage tonight in the North Carolina fight over ratification of the federal suffrage amendment as the result of the developments during the day which included a split at a meeting by Governor Bickett, urging ratification, and a favorable report on a ratification resolution by a senate committee. Altho the victory of suffrage supporters in committee appeared overwhelming—a vote of seven to one for a favorable report being recorded—the action merely marked the beginning of an expected bitter contest. The suffrage leaders were given new hope by the governor's plea but the executive's statement that he personally was against the amendment served to bolster up antagonists of the movement.

Action on the resolution in the senate probably will come Tuesday.

BRITISH MAY ADOPT DOMINION RULE FOR IRELAND

Rumor Andrew Bonar Law Will Pledge Government

PREMIER GEORGE BELIEVED TO FAVOR IT

DUBLIN, Aug. 13.—The Freeman's Journal announces that E. Wylie, legal adviser to Viscount French, lord lieutenant of Ireland, has presented his resignation. Rather than accept it, the newspaper says, Andrew Bonar Law, government leader in the house of commons has promised to pledge the government on Monday to dominion home rule with full fiscal authority.

"Of course," comments the newspaper, "the question of Ulster will be subjected to discussion."

LONDON, Aug. 13.—Should the report that the government has decided to adopt a dominion solution of the Irish problem prove correct, it will not cause much surprise here.

Mr. Wylie's resignation would be the second from the viceroys' office and probably for the same reason as was given by Sir Thomas Stafford who resigned early in the week, as he put it, the premier has refused to take the only step giving a chance for peace namely the firm and immediate offer of a form of dominion government.

The ministers were in session at Downing Street today, discussing the Irish problem. During the council Sir Hamar Greenwood, chief secretary for Ireland was summoned. The movement in favor of dominion home rule with navy and other questions has grown with astonishing rapidity in recent months. It is generally believed to be favored by Premier Lloyd-George.

LONDON, Aug. 13.—That the Ulster Unionists of all classes were never more united than now and that their confidence in Sir Edward Carson as leader of the Irish Unionist party was never greater is the substance of a statement made today by R. Dawson Bates, secretary of the Ulster Unionist Council referring to yesterday's reports from Dublin of a significant split "in the ranks of Sir Edward Carson's followers."

WASHINGTON, Aug. 13.—(By The Associated Press.)—A plebiscite to determine the future of Russian-Poland is one of the peace terms drawn up by the Bolsheviks coincident with the first proposal of an armistice by the Polish government. The right of unrestricted propaganda in this territory during the year which would intervene before the plebiscite also would be demanded.

These and the other terms of peace which are believed to have been formulated for submission at the first meeting between the Soviet and Polish emissaries, were received today in official circles. While not regarded as final because of the events favorable to the Bolsheviks cause since their formulation, the terms are accepted in Washington as illustrative of the intention of the invaders to impose peace conditions of a drastic nature.

Other terms as received here include the right of the soviet government to unrestricted transmission of all code messages across Poland between Russia and Germany; the turning over of all salt and coal mines in Poland for operation by the soviet government and the right of unrestricted travel for all soviet nationals across the Polish frontiers without the Polish visa on passports.

The provision for a plebiscite with propaganda privileges is viewed here as likely to be especially objectionable to the Poles and would result in the loss to the Warsaw government of Russian-Poland for all Polish national feeling in that region, it considered would be blotted out.

Officials were inclined to believe the peace terms to be submitted at the Minsk negotiations now in progress will be even more severe than those tentatively prepared for the Baranovitch conference which ended abruptly when the Polish armistice emissaries replied they had no authority to conclude peace.

The recent successes of the soviet forces are held to have made possible the even more drastic terms.

French Note Not Yet Received

The state department today had not received the note of the French government expressing satisfaction with the American attitude on the Russian-Polish situation as defined in the American note.

The confidence displayed by the French government in General Wrangel has brought to light a similar confidence by the United States. It is thru him officials said today, that the United States hopes to introduce largely the friendly expression of sympathy for the Russian people embodied in the American note "Finland and the Baltic states also have been chosen as strategic points for disseminating the attack on the soviet authorities."

Officials today pointed to an order recently issued by General Wrangel as indicating earnest endeavor to establish a civil government which will obtain the confidence of the Russian people.

RUSSIAN PEACE TERMS ARE OF DRASTIC NATURE

Bolsheviks Impose Se- vere Penalties on Poles

U. S. NOTE SAID TO PLEASE FRENCH

WASHINGTON, Aug. 13.—(By The Associated Press.)—A plebiscite to determine the future of Russian-Poland is one of the peace terms drawn up by the Bolsheviks coincident with the first proposal of an armistice by the Polish government. RED HOSTS WITHIN TWENTY MILES OF POLISH CAPITAL

Bolshevik Cavalry Makes Another Forward Movement

WARSAW CITIZENS PLEDGE DEFENSE

PARIS, Aug. 13.—(By The Associated Press.)—Closing in upon Warsaw from the north, east and south, Bolshevik hosts are now within twenty miles of the capital and little doubt is felt here that they will be in the city before the peace negotiations are concluded.

General Haller's army, holding positions along the Vistula, the Narw and Bug rivers in a country offering few natural advantages for defense, are being relentlessly pushed toward the capital by the Bolsheviks, who are speeding up their advance.

The northern reds according to the latest news had passed Pultusk and were marching southward on the capital, down the valley of the Narw. Another column was advancing between the Narw and the Bug while south of the Bug the enemy had passed the line running from Tuszew, thru Pivki, Dobro and Latowitch to Zelechoff. Further south the enemy had crossed the Bug and was moving on Lublin.

The Bolshevik cavalry along the Prussian frontier has made another bound forward and is now forty miles beyond Miawa, almost half way to Thorn. In other words the reds are advancing all along the line, except in the extreme south.

Citizens of Warsaw to the number of 100,000 have pledged themselves to defend the capital to the last breath. But it is felt here that such an unorganized effort cannot seriously affect the fate of the city. This, apparently also is the view of the Polish government, which is reported to be considering moving to Posen if it is satisfied there is no chance of the soviet forces suspending hostilities at an early date.

AMERICAN OLYMPIC ATHLETES DEFIANT; HECKLE COMMITTEE

Force Reconsideration of the Case of Dan Ahearn

NEW YORK, Aug. 13.—When told of the passing of the woman suffrage amendment by the Tennessee senate today, Chairman George White of the Democratic National Committee said:

"It is most pleasing to the Democracy of the nation to know that the senate of the old volunteer state of Andrew Jackson has ratified the suffrage amendment with such a tremendous majority."

President Sends Message

Washington, Aug. 13.—President Wilson, in a message tonight to Speaker Walker of the Tennessee senate, urged favorable action on the suffrage amendment by that body.

The president said: "May I not in the interest of national harmony and vigor and of the establishment of the leadership of America in all liberal policies, express the hope that the house over which you preside will concur in the suffrage amendment."

M'GRAW EVADES DISTRICT ATTORNEY

NEW YORK, Aug. 13.—John C. Slavin, actor who was injured by a fall upon the sidewalk, while being pushed into a taxi-cab by John J. McGraw and a companion last Saturday, according to witnesses, expressed his hope that the house over which you preside will concur in the suffrage amendment.

After Mr. Kirby had outlined the action of Ahearn, which resulted in his being dropped from the team, Judge Weeks spoke of Ahearn's alleged defiant attitude. Judge Weeks pleaded the need of team work and discipline and ended with the question:

"What position would you be in if the committee refused to continue its duty?"

"Go ahead!" We will get a better committee," and other similar remarks were shouted at Judge Weeks. The outburst of the athletes seemingly left the committee stunned.

When Judge Weeks resumed his address, he was again heckled amid demands for silence by some of the athletes.

FOUR NEW ENGLAND WALLINGFORDS ARE NOW UNDER ARREST

Ponzi Surrendered by Bondsmen and is in Jail

OLD COLONY OFFICERS TAKEN IN CUSTODY

BOSTON, Aug. 13.—Four men who have accepted millions of dollars from New England investors in the last few months, on promises of payment of fabulous interest were behind the bars tonight. Charles Ponzi, whose spectacular financial dealings have made his name known the country over, was surrendered today by the man who furnished \$35,000 bonds for his release yesterday after his arrest by the federal authorities. Unable to find another bondsman, Ponzi was taken to the Middlesex county jail at East Cambridge.

Three officers of the Old Colony Foreign Exchange Company were arrested and held in \$5,000 bonds each on a technical charge of larceny of \$500 from persons unknown. In default of bonds they spent the night in jail. They are Charles M. Brightwell, president and treasurer of the concern; Raymond Meyers, office manager; and Fred Meyers, sales agent. All three pleaded not guilty.

That the activities of this company might have rivalled those of Ponzi's Securities Exchange Company was intimated by Albert Hurwitz, assistant district attorney, when he told the court today that amounts involved in its transactions probably will be shown to be hundreds of thousands of dollars.

The three men will be given a hearing August 24.

Samuel Zorn, said to have been employed by the company as an agent, was arrested tonight on the same charge as three officers of the concern. No bail was fixed and he was locked up.

Further criminal proceedings were taken against Ponzi today. In the municipal court a warrant was issued charging him with larceny in 63 counts totaling \$24,000.

Further bankruptcy proceedings in which for the first time partners of Ponzi were mentioned were brought in the federal court. The three petitioners asked that Ponzi and John S. Dondero of Medford and Guglielmo Bertolotti of Parma, Italy, be adjudged bankrupt.

Rumors were current tonight that further developments bearing on "get-rich-quick" schemes might be expected in the near future, but there was no hint as to the nature.

Joseph C. Allen, state bank commissioner, said he knew of no foundations for reports that Ponzi's crash might involve any banking institutions except the Hancock Trust Company.

The arrest of officers of the Old Colony Foreign Exchange Company came after a frenzied run by note holders upon the company's offices.

The total amount of Ponzi's liabilities is still undetermined.

Edwin L. Smith, the auditor, said tonight that although his work was not finished, he had found liabilities totalling \$8,000,000 and that Ponzi had told him his assets amounted to \$4,000,000.

Old Colony Company Organized in July

The Old Colony Foreign Exchange Company was organized on July 10, last, under deed of trust, with C. S. Brightwell, Raymond Meyers and Gunnar E. R. Lindblad of Sweden, as trustees. While the run on Ponzi was in progress the exchange company tried to attract investors from among Ponzi's note holders.

These people were promised 100 per cent return on their money in six months. Offices were opened in other New England cities. Brightwell told District Attorney Gallagher that his company intended to do a general foreign trade business.

Mr. Gallagher said today that investigation so far had failed to show any violation of federal laws by Brightwell's concern.

Attorney General Allen, who has been investigating the activities of Ponzi and the Old Colony Foreign Exchange Company said today that he knew the exchange company had sent large sums of money abroad. It was learned tonight that Brightwell was at one time associated with Charles H. Chaplin in a mining venture at Sault Ste. Marie, Michigan.

SAN DIEGO, Calif., Aug. 13.—

The consul said the information reached him in a code message from General Rodriguez in charge of the invading force. The troops, he said, have three batteries of light artillery and six machine guns.

CHICAGO MUST BOIL DRINKING WATER

SCALE COMMITTEE MEETS, ORGANIZES, AND ADJOURNS

Michael Gallagher of Cleveland Elected Chairman

ALEXANDER HOWAT TO ATTEND MEETING

CLEVELAND, O., Aug. 13.—The wage scale committees of the bituminous coal operators and union miners of the central competitive field met in executive session here today in pursuance to a request of President Wilson to consider a change in wages and after organizing, adjourned until 10 a. m. tomorrow.

Michael Gallagher, Cleveland operator, was elected chairman of the conference and William Green, secretary-treasurer of the miners, was named secretary.

The miners held a caucus this morning without reaching a decision on the exact wage increases they will demand. The figure generally mentioned is \$2 over the present wage of \$6 paid the men by the day, who comprise about 27 per cent of the industry. Several committees freely admitted tonight that if the day men received their full demand the tonnage men also would probably ask an increase. President Lewis declined to comment on this.

Altho only the scale committees in the central competitive field, comprising western Pennsylvania, Ohio, Indiana, and Illinois, are actually taking part in the conference, representatives of practically every state organization of the miners' union are here. Iowa miners' officials arrived today.

Howat Will Represent Kansas

According to J. C. Lewis, state president of the Iowa miners, Alexander Howat of Kansas will represent the men from Kansas.

Expected here tomorrow, he said Iowa miners are demanding increases for tonnage as well as day workers and that \$8 a day is the day workers' goal.

Frank Farrington, president of the Illinois miners said: "I don't know what the rest will get, but I do know the Illinois men will get \$8 a day."

Most of the scale committee members are under indictment in Judge A. B. Anderson's federal court in Indianapolis for charges growing out of the great coal strike last fall. When asked whether they might be embarrassed by a possibility of contempt of court action if they undertook to tamper with the present agreement, operators' officials said today that "had been taken care of."

The conference here was called, it was said, with the approval of Attorney General Palmer.

SUFF ADVOCATES HOLD ADVANTAGE

Ratification of Suffrage Amendment May Be Put Over in North Carolina

Raleigh, N. C., Aug. 13.—Ratification advocates held the advantage tonight in the North Carolina fight over ratification of the federal suffrage amendment as the result of the developments during the day which included a spate of messages to Governor Bickett, a ratification, and a favorable report on a ratification resolution by a senate committee.

Altho the victory of suffrage supporters in committee appeared overwhelming—a vote of seven to one for a favorable report being recorded—the action merely marks the beginning of an expected bitter contest. The suffrage leaders given new hope by the governor's plea but personally was against the amendment served to bolster up antagonists of the movement.

Action on the resolution in the senate probably will come Tuesday.

LONDON, Aug. 13.—That the

Irish Unionists of all classes were never more united than now and that their confidence in Sir Edward Carson as leader of the Irish Unionist party was never greater is the substance of a statement made today by R. Dawson Bates, secretary of the Ulster Unionist Council referring to yesterday's reports from Dublin of a significant split "in the ranks of Sir Edward Carson's followers."

BRUSSELS, Aug. 13.—The international seamen's congress

DUBLIN, Aug. 13.—The Freeman's Journal announces that E. Wylie, legal adviser to Viscount French, lord lieutenant of Ireland, has presented his resignation.

Rather than accept it, the newspaper says Andrew Bonar Law, government leader in the house of commons has promised to pledge the government on Monday to dominion home rule with full fiscal authority.

"Of course," comments the newspaper, "the question of Ulster will be subjected to discussion."

LONDON, Aug. 13.—Should the report that the government has decided to adopt a dominion solution of the Irish problem prove correct, it will not cause much surprise here.

Mr. Wylie's resignation would be the second from the viceroys' council and probably for the same reason as was given by Sir Thomas Stafford who resigned early in the week, as he put it, the premier has refused to take the only step giving a chance for peace namely the firm and immediate offer of a form of dominion government.

The ministers were in session at Downing Street today, discussing the Irish problem. During the council Sir Hamar Greenwood, chief secretary for Ireland was summoned. The movement in favor of dominion home rule with reservations concerning the army and navy and other questions has grown with astonishing rapidity in recent months. It is generally believed to be favored by Premier Lloyd-George.

STIPULATE BASIS FOR SOVIET RECOGNITION

PARIS, Aug. 13.—Conditions

which Great Britain has stipulated as a basis for recognition of the Russian soviet government are given in a Moscow despatch received here. M. Tchitcherine, Bolshevik foreign minister, adds the despatch, has advised Leo Kameneff at London, that the Moscow government considers these conditions as the basis for peace negotiations between Russia and Great Britain.

RUSSIAN PEACE TERMS ARE OF DRASTIC NATURE

Bolsheviks Impose Severe Penalties on Poles

U. S. NOTE SAID TO PLEASE FRENCH

WASHINGTON, Aug. 13.—(By The Associated Press.)—A plebiscite to determine the future of Russian-Poland is one of the peace terms drawn up by the Bolsheviks coincident with the first proposal of an armistice by the Polish government.

The right of unrestricted propaganda in this territory during the year which would intervene before the plebiscite also would be demanded.

These and the other terms of peace which are believed to have been formulated for submission at the first meeting between the soviet and Polish emissaries, were received today in official circles. While not regarded as final because of the events favorable to the Bolshevik cause since their formulation, the terms are accepted in Washington as illustrative of the intention of the invaders to impose peace conditions of a drastic nature.

Russian Terms Drastic

The other terms as received here include the right of the soviet government to unrestricted transmission of all code messages across Poland between Russia and Germany; the turning over of all salt and coal mines in Poland for operation by the soviet government; the right of unrestricted travel for all soviet nationals across the Polish frontiers without the Polish visa on passports.

The provision for a plebiscite with propaganda privileges is viewed here as likely to be especially obnoxious to the Poles and would result in the loss to the Warsaw government of Russian Poland for all Polish national feeling in that region, it considered would be blotted out.

Officials were inclined to believe the peace terms to be submitted at the Minsk negotiations now in progress will be even more severe than those tentatively prepared for the Baranovitch conference which ended abruptly when the Polish armistice emissaries replied they had no authority to conclude peace.

The recent successes of the soviet forces are held to have made possible the even more drastic terms.

French Note Not Yet Received

The state department today had not received the note of the French government expressing satisfaction with the American attitude on the Russian-Polish situation as defined in the American note.

The confidence displayed by the French government in General Wrangel has brought to light a similar confidence by the United States. It is their hope, officials said today, that the United States hopes to introduce largely the friendly expressions of sympathy for the Russian people embodied in the American note. Finland and the Baltic states also have been chosen as strategic points for disseminating the attack on the soviet authorities.

Officials today pointed to an order recently issued by General Wrangel as indicating earnest endeavor to establish a civil government which will obtain the confidence of the Russian people.

DISCOVER PAYROLL OF SOVIET AMBASSADOR

The name of J. G. Ohsal, said to have been a former employee of the federal trade commission here was identified in the list of thirty names. Mr. Ohsal the commission said, formerly was employed as an examiner and left the service last March 17.

Names were listed under seven divisions: Diplomatic, soviet Russia, office, commercial, economic, financial and technical.

RED HOSTS WITHIN TWENTY MILES OF POLISH CAPITAL

Bolshevik Cavalry Makes Another Forward Movement

WARSAW CITIZENS PLEDGE DEFENSE

PARIS, Aug. 13.—(By The Associated Press.)—Closing in upon

Warsaw from the north, east and southeast, Bolshevik hosts are now within twenty miles of the capital and little doubt is felt here that they will be in the city before the peace negotiations are concluded.

General Haller's army, holding positions along the Vistula, Narew and Bug rivers in a country offering few natural advantages for defense is being relentlessly pushed toward the capital by the Bolsheviks, who are speeding up their advance.

The northern reds according to the latest news had passed Putusk and were marching southward on the capital, down the valley of the Narew. Another column was advancing between the Narew and the Bug while south of the Bug the enemy had passed the line running from Tuszec, thru Plivki, Dobrze and Latowitch to Zelechoff. Further south the enemy had crossed the Bug and was moving on Lublin.

The Bolshevik cavalry along the Prussian frontier has made another bound forward and is now forty miles beyond Mlawa, almost half way to Thorn. In other words the reds are advancing all along the line, except in the extreme south.

Citizens of Warsaw to the number of 100,000 have pledged themselves to defend the capital to the last breath. But it is felt here that such an unorganized effort cannot seriously affect the fate of the city. This, apparently also is the view of the Polish government, which is reported to be considering moving to Posen if it is satisfied there is no chance of the soviet forces suspending hostilities at an early date.

AMERICAN OLYMPIC ATHLETES DEFIANT; HECKLE COMMITTEE

Force Reconsideration of the Case of Dan Ahern

ANTWERP, Aug. 13.—(By The Associated Press.)—The American Olympic athletes at a boisterous mass meeting tonight virtually forced the American Olympic committee to reconsider the case of Dan Ahern, the hop-step and jump champion, with the Athletic committee tomorrow.

Ahern was dismissed from the team today by the American Olympic committee for alleged insubordination.

In addition to the Ahern case, other complaints of the athletes are to be heard.

The meeting was characterized by considerable feeling on the part of the athletes during which there were cat calls and heckling of Gustavus T. Kirby, president of the American Olympic committee and Judge Barlow S. Weeks of the committee.

After Mr. Kirby had outlined the action of Ahern, which resulted in his being dropped from the team, Judge Weeks spoke of Ahern's alleged defiant attitude. Judge Weeks pleaded the need of team work and discipline and ended with the question: "What position would you be in if the committee refused to continue its duty?"

"Go ahead! We will get a better committee," and other similar remarks were shouted at Judge Weeks. The hubbub of the athletes seemed to unnerve the committee.

When Judge Weeks resumed his address, he was again heckled amid demands for silence by some of the athletes.

TENNESSEE MAY BE FINAL STATE TO RATIFY SUFFRAGE

Senate Adopts Resolution by Vote of 45 to 5

PREDICT FIGHT WILL COME IN HOUSE

NASHVILLE, Tenn., Aug. 13.—

The Tennessee senate today by a vote of 45 to 4, adopted the resolution providing for ratification of the federal suffrage amendment. Seventeen votes were necessary but most polls had listed from 20 to 22 as favorable and the high water mark was set at 24.

The suffragists were debating their efforts tonight to secure favorable action by the house which it is admitted is the real battle ground.

The house adjourned today until Monday at 2 p. m., without reference to suffrage but it was stated later the committee to which the resolution was referred would meet Monday night to consider it. There was no indication what action would be taken but in connection with rumors that the opposition might attempt to bury it in committee, it was recalled an effort of suffragists to force a report today was defeated last night by a vote of 8 to 6, with four members absent.

Suffrage Cohorts Enthusiastic.

The galleries and aisles were packed with spectators. During the debate there were numerous demonstrations, but when the seventh vote in favor of ratification was recorded the enthusiasm of the suffrage cohorts went beyond restraint and forced a temporary suspension of the roll call.

There were few members of the assembly here tonight most of them having gone to their homes for the week-end and no developments of major importance were expected before Monday.

In reply to the charge of Senator Chandler, Republican, and suffrage opponent, made during debate today that Mrs. Carrie Chapman Catt, president of the National American Woman Association had advocated intermarriage between whites and negroes Mrs. Catt tonight in a formal statement characterized it as "an absolute fabrication."

President Sends Message.

Washington, Aug. 13.—President Wilson, in a message tonight to Speaker Walker of the Tennessee house of representatives urged favorable

The court martial has returned a sealed verdict in the case of Erwin R. Bergdoll, against whom were charges of evading the draft law. It took the jury just 20 minutes to reach a verdict and it wouldn't be hard to guess the contents of that sealed envelope.

FAKE INVESTMENTS.

The latest facts in connection with Ponzi's career but furnish additional proof of the fact that you can't make something out of nothing, and that schemes which promise a huge interest return are built upon either fraud or

fallacy. Nevertheless, the next man who advertises a plan guaranteeing the investor far above normal rate of interest return will be sure to have plenty of patronage. It was this condition of the public mind which brought forth the often quoted statement that "people like to be humbugged."

A WASTE OF MATERIALS.

With all the cry about living costs and reckless expenditures it is unfortunate indeed that the German ships recently brought to the U. S. must after they have been exhibited for a few months, be destroyed. But the terms of the Versailles treaty were such that there is no other course left to the U. S. After the exhibition closes millions and millions of dollars' worth of property must be destroyed and so a seemingly useless loss of property result.

THE PERPLEXING SUGAR SITUATION.

A sharp decline in the wholesale sugar market has been noted and yet no great activity has resulted. It is said that one large dealer not long since circularized all Illinois and some adjoining territory offering sugar at \$21 per 100 lbs., and that no orders were received. The price was much lower than previous quotations

but the smaller dealers were afraid to buy. They feared a slump might come.

Certain it is there are great quantities of sugar in wholesalers' hands, purchased at a price higher than has been quoted in some localities. It is an unusual situation and nobody seems to be fully advised as to the sugar future.

STEEL AS AN INDEX.

There are some pessimists who believe that the present somewhat uncertain business conditions are certain to lead to trouble. These same pessimists declare there is over-production in many lines and that the steel industry is beginning to slump. Persons who have this idea should read the recent statement of the U. S. Steel Corporation, which shows that enough orders are now on file to last for at least another year. With the announcement that the railroads are to spend \$700,000,000 for new equipment, it is very certain that still further orders are in prospect for the steel manufacturing concerns.

A man who is familiar with the steel business said yesterday that there is business enough in sight to insure activities in the steel industry for several years to come. Incidentally it is worthy of note that the U. S. Steel Corporation has in price matters followed a commendable course, one purposing to help in the stabilization of business. Public announcement was made of the price the corporation would charge and no variations were made, although it would have been easily possible to increase the price 25 to 50 per cent, just as the independent concerns have done.

WHERE U. S. STANDS.

Just where the United States stands in relationship to the world is pointed out by the New York Curb News which suggests the "knockers" be presented with the following facts that America has:

6 per cent of the world's population;
7 per cent of the world's land;
20 per cent of the world's gold;
25 per cent of all wheat grown;
33 per cent of the world's silver;
46 per cent of the world's railroads;
40 per cent of the world's steel and iron;
52 per cent of the world's coal;
60 per cent of all cotton grown;
66 per cent of the world's oil;
70 per cent of the world's copper;
75 per cent of all corn grown;
80 per cent of the world's automobiles.

Previous to 1914, we owed England so much money that the annual interest was 3 hundred million dollars. Now England is paying us 150 million dollars a year interest. Before the war we owed about 4 billion dollars abroad. Today the net indebtedness of Europe to America is 10 billion dollars. America is now

the richest nation and the financial center of the world.

Before the war, England was the greatest ship-owning nation. After 1920, America will have twice as many ships as England.

Rippling Rhymes
By Wait Mason

WOE IN THE WEST
A deadly blight is sweeping along the Western Slope, and men give way to weeping and say farewell to hope. And heart-sick wives and daughters beneath those azure skies look out upon the waters with hard and stony eyes. The children, they are waiting, while in the dust they're trailing the toys they use no more. There's moaning in the cabin, there's groaning in the hall; the future's bleak and drab in the eyes of one and all. The daughters of affliction are crunched beneath the stars, and in the choicest diction they cuss their stranded cars. The tourist shakes his talon at heaven with a snort, for when he'd buy a gallon he only gets a quart. In vain the plume is waving his wad of good long green, and futile is his raving—he can't get gasoline. "No gas!" The sign is hanging from stations everywhere, with travelers haranguing the dealers in despair. Talk not of grief or sorrow, of troubles you have seen, till you can't buy or borrow a quart of gasoline! Talk not of fortunes cruel, oh, vain and piffling man, till you can't buy the fuel to push your big sedan! Speak not to me of anguish, of pain of any sort, until you wait and languish two days to get a quart!

The court martial has returned a sealed verdict in the case of Edwin R. Bergdoll, against whom were charges of evading the draft law. It took the jury just 20 minutes to reach a verdict and it wouldn't be hard to guess the contents of that sealed envelope.

FAKE INVESTMENTS.

The latest facts in connection with Ponzi's career but furnish additional proof of the fact that you can't make something out of nothing, and that schemes which promise a huge interest return are built upon either fraud or

fallacy. Nevertheless, the next man who advertises a plan guaranteeing the investor far above normal rate of interest return will be sure to have plenty of patronage. It was this condition of the public mind which brought forth the often quoted statement that "people like to be humbugged."

A WASTE OF MATERIALS.

With all the cry about living costs and reckless expenditures it is unfortunate indeed that the German ships recently brought to the U. S., must after they have been exhibited for a few months, be destroyed. But the terms of the Versailles treaty were such that there is no other course left to the U. S. After the exhibition closes millions and millions of dollars' worth of property must be destroyed and so a seemingly useless loss of property result.

THE PERPLEXING SUGAR SITUATION.

A sharp decline in the wholesale sugar market has been noted and yet no great activity has resulted. It is said that one large dealer not long since circularized all Illinois and some adjoining territory offering sugar at \$21 per 100 lbs., and that no orders were received. The price was much lower than previous quotations

but the smaller dealers were afraid to buy. They feared a slump might come. Certain it is there are great quantities of sugar in wholesalers' hands, purchased at a price higher than has been quoted in some localities. It is an unusual situation and nobody seems to be fully advised as to the sugar future.

STEEL AS AN INDEX.

There are some pessimists who believe that the present somewhat uncertain business conditions are certain to lead to trouble. These same pessimists declare there is over-production in many lines and that the steel industry is beginning to slump. Persons who have this idea should read the recent statement of the U. S. Steel Corporation, which shows that enough orders are now on file to last for at least another year. With the announcement that the railroads are to spend \$700,000,000 for new equipment, it is very certain that still further orders are in prospect for the steel manufacturing concerns.

A man who is familiar with the steel business said yesterday that there is business enough in sight to insure activities in the steel industry for several years to come. Incidentally it is worthy of note that the U. S. Steel Corporation has in price matters followed a commendable course, one purporting to help in the stabilization of business. Public announcement was made of the price the corporation would charge and no variations were made, altho it would have been easily possible to increase the price 25 to 50 per cent, just as the independent concerns have done.

WHERE U. S. STANDS.

Just where the United States stands in relationship to the world is pointed out by the New York Curb News which suggests the "knockers" be presented with these facts that America has:

6 per cent of the world's population;
7 per cent of the world's land;
20 per cent of the world's gold;
25 per cent of all wheat grown;
33 per cent of the world's silver;
40 per cent of the world's railroads;
40 per cent of the world's steel and iron;
52 per cent of the world's coal;
60 per cent of all cotton grown;
60 per cent of the world's oil;
70 per cent of the world's copper;
75 per cent of all corn grown;
80 per cent of the world's automobiles.

Previous to 1914, we owed England so much money that the annual interest was 3 hundred million dollars. Now England is paying us 150 million dollars a year interest. Before the war we owed about 4 billion dollars abroad. Today the net indebtedness of Europe to America is 10 billion dollars. America is now

the richest nation and the financial center of the world. Before the war, England was the greatest ship-owning nation. After 1920, America will have twice as many ships as England.

Rippling Rhymes
By Wait Mason

WOE IN THE WEST
A deadly blight is sweeping along the Western Slope, and men give way to weeping and say far less well to hope. And heartick wives and daughters beneath those azure skies look out upon the waters with hard and stony eyes. The children, they are waiting, their little bosoms sore, while in the dust they're trailing the eyes they use no more. There's moaning in the cabin, there's groaning in the hall; the future's bleak and drab in the eyes of one and all. The daughters of affliction are crouched beneath the stars, and in the choicest diction they cuss their stranded cars. The tourist shakes his talon at heaven with a snort, for when he'd buy a gallon he only gets a quart. In vain the plume is waving his wad of good long green, and futile is his raving—he can't get gasoline. "No gas!" The sign is hanging from stations everywhere, with travelers haranguing the dealers in despair. Talk not of grief or sorrow, of troubles you have seen, till you can't buy or borrow a quart of gasoline! Talk not of fortunes cruel, vain and piffling, till you can't buy the fuel to push your big sedan! Speak not to me of anguish, of pain of any sort, until you wait and languish two days to get a quart!

VISITOR FROM NORFOLK.

S. D. Scott and two sons of Norfolk, Virginia, have been visiting Mr. Scott's uncle, Riggs Taylor of South Jacksonville. They left yesterday afternoon for Springfield taking Mr. Taylor with them for a visit with another uncle there. Mr. Scott shipped his auto to Baltimore to secure better roads and made the trip in the car from the metropolis of Maryland here. He says they have there probably the largest and best harbor on the Atlantic coast and in the immediate vicinity fine farming land.

Asserts New Discovery Brings Blessed Relief to Hay Fever Sufferers Can Make it Yourself at Home at Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing Hay Fever into less than a mild cold, claims most emphatically that if taken in time Hay Fever or Rose Fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through Pharmacists to all Hay and Rose Fever sufferers who still have faith that nature has provided an effective remedy for this common, yet miserable disease.

And best of all this remedy costs almost nothing. Get three-quarter ounce bottle of Mentholized Arcine at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled. Then gargle as directed and twice daily sniff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work, but oftentimes simple, natural remedies are the best; as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

Mentholized Arcine is new in this market. It is possible that your druggist has not supplied himself, but he can get it for you from his jobber, who has a large supply.

Asserts New Discovery Brings Blessed Relief to Hay Fever Sufferers

Can Make it Yourself at Home at Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing Hay Fever into less than a mild cold, claims most emphatically that it taken in time Hay Fever or Rose Fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through Pharmacists to all Hay and Rose Fever sufferers who still have faith that nature has provided an effective remedy for this common, yet miserable disease.

And best of all this remedy costs almost nothing. Get three-quarter ounce bottle of Mentholized Arcline at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled. Then gargle as directed and twice daily sniff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work, but oftentimes simple, natural remedies are the best; as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

Mentholized Arcline is new in this market. It is possible that your druggist has not supplied himself, but he can get it for you from his jobber, who has a large supply.

AUTOISTS FROM SOUTH TO BE VISITORS HERE

Delegates to Mississippi Valley Highway Association Will Spend Night in Jacksonville—Trail is One of Best Marked in U. S.

The annual convention of the Mississippi Valley Highway Association will be held in St. Paul, Sept. 20-21. Southern delegates will leave St. Louis the morning of Sept. 16 and expect to make the run to St. Paul in four days. Vincent R. Riley, president of the Morgan County Good Roads Association, has been notified that this auto delegation from the south is expecting to spend one night in Jacksonville. Mr. Riley together with other officers and members of the Morgan county association, will make the necessary arrangements for the entertainment of the guests.

A Duluth (Minn.) paper of recent date has an extended article with reference to the Mississippi Valley highway and the coming convention. A. E. Nisson is the field secretary for the highway and has recently been in Duluth to interest members of the automobile club there in the organization of a sociability tour for representatives of the various towns in Minnesota to the annual convention at St. Paul.

The Mississippi Valley highway is officially recognized by the American Automobile Association, the National Highway Association and the Associated Highways of America and is the only highway that has the official permission to use the name of the Mississippi Valley Association. The name and markings of the route are registered in the state highway departments in every state traversed, including Minnesota, Iowa, Illinois, Missouri, Kentucky, Mississippi and Louisiana.

Mr. Nisson, who is familiar with highways all over the country, believes that the Mississippi Valley highway is the best marked trail in the U. S. The name chosen for the great road is fortunate in that it at once gives people a definite idea of the territory traversed.

The growth in membership of the association since the last annual convention, which was held in Tennessee, has been such that the highway organization is recognized as one of the greatest in America.

HARDING MAKES REPLY TO COX ON PARTY'S STAND

Says Happy to Live in Past
For Inspiration of the
Morrow

ADDRESS OHIO
REPUBLICAN EDITORS

MARION, O., Aug. 13.—To Governor Cox's declaration that the Republican party stands on the skyline of a setting sun, Senator Harding replied today that "if we may look backward to clear our vision we may look forward more confidently."

"Call it reaction if you like," he said in a speech here, "but we need the old standard of honesty, the lofty standards of fidelity."

"If we are living in the past to recall the wisdom of Washington, the equal rights of Jefferson, the genius of Hamilton, the restoration of McKinley or the awakening of Roosevelt, I am happy to drink of the past for my inspiration for the morrow."

"Engineering is a scientific pursuit and I never knew an engineer who did not turn his transit to his back sight to make sure of the line by which he was to move. Every hope of life is of tomorrow, but the glory of ten thousand tomorrows was wrought in the wisdom gleaned on yesterday."

The speech, delivered from the front porch of the Harding residence, to members of the Ohio Republican Editorial Association was a plea for a return to old time morality and fairness. If every one concerned had been "rigidly honest," he said, peace might long since have been established and industrial and social unrest quieted.

He also advocated a forest policy to insure an adequate domestic supply of timber to meet, among other needs, the demand for print paper pulp.

There was no direct reference to the league of nations, but the candidate revealed tonight that he expected soon to elaborate on his previous declarations for an international understanding that would not imperil American integrity. He said that enlargement on his foreign policy would be included in the speech that he is to make early in September dealing primarily with agricultural issues. The Minnesota state fair is under consideration as the place where this address will be delivered.

Today's address also omitted mention of Governor Cox by name but the Republican nominee repeated in exact form the words used by his Democratic opponent in his acceptance speech.

A luncheon given under auspices of the Republican editorial association preceded the visit to the Harding home.

Senator Harding did not attend the luncheon, a last minute change in plans shifting his address to the front porch instead of the luncheon hall.

Lasting Peace.

London, Aug. 13.—Reports of yesterday's meeting at Dublin of the Irish Unionists Anti-Parliament League are furnished to the London Times by influential Unionists who were concerned with the meeting.

A resolution passed, the report shows, places on record the league's actions.

"While still believing legislative union to be the best form of government in Ireland, it says, 'it is realized that the British government has failed to secure observance of law and has lost the confidence of all classes.'"

"We therefore," adds the resolution, "feel that our duty to the country and forces us to acquiesce in the only solution of the existing troubles which appears to offer a prospect of lasting peace."

The Dublin correspondent of the Times says:

No Unionist action in recent years is regarded as important as that taken today.

FRENCH GENERAL WILL TAKE CHARGE OF POLE ARMY

Paris, Aug. 13.—Belief that General Veyrand of the French army will not accept the offer of the Polish council of defense to take supreme command of the Polish forces, is expressed in the Temps today.

The Bolsheviks are continuing their westward drive beyond Malatoward the Vistula with the object of cutting the last remaining line of communications with the Baltic, Poland's chief base of supplies.

The abandonment of Pultusk is considered a grave military defeat the Poles having defended the city with more determination than any position since the retreat began.

It was only by a stroke that the long driving Briton snatched the honor, three young Americans, Leo Diegel, and Jack Hutchinson of Chicago and Jack Burke of St. Paul, missing long putts by inches to tie the score of the winner who also outstripped his countryman, Vardon, by a single stroke.

Chick Evans, formerly national amateur and open champion, did not hit a fast stride in any round, having had breaks of luck on each round.

ENTERTAINED IN HONOR OF RELATIVES

Mrs. W. B. Briscoe entertained about thirty-five of her friends Wednesday afternoon at her home in honor of Mrs. Horace H. Muse and daughters, Misses Melissabel and Henrietta Muse, of Detroit. Mrs. E. J. Berry, and Mrs. William Medlock of Chicago. There was much amusement at the fishing pond, each guest being allowed to fish one minute at intervals. Miss Mabel Sanders was the lucky one at the fish pond receiving first prize. Other prizes were won by Miss Anna Mallory and Mrs. Sherman Spencer. Dainty refreshments were served and the afternoon much enjoyed. That same evening at eight o'clock Mrs. Briscoe and Mrs. Fernado Muse entertained about eighteen couples at a dance in honor of their nieces, Misses Melissabel and Henrietta Muse. Refreshments were served and at a late hour the guests departed.

ROTARIANS HELD WEEKLY SESSION

Mrs. Helen Brown Read Heard In Delightful Program—Miss Olive Dunlap Tells of Work Among Immigrants.

At the Rotary club luncheon Friday, held at the Pacific hotel, the members had the pleasure of listening to a group of songs by Mrs. Helen Brown Read and in hearing Miss Olive Dunlap tell something of her work in connection with the immigration department.

At the conclusion of the program President Pontius expressed the pleasure the club members felt in having Mrs. Read and Miss Dunlap present and the members themselves thru vigorous applause left no doubt as to their enjoyment of the occasion. Mrs. Read's group included "At Dawning," Cadman; Two Negro Spirituals, by Cecil Burleigh, and "A Birthday," Woodman. The last song was given as an encore to the preceding selections. Altogether the group was one which gave further proof of Mrs. Read's great ability and the Rotarians felt proud to remember this well known musician is a resident of Jacksonville. Willard Wesner was Mrs. Read's capable accompanist.

Teaching About Citizenship
 Miss Dunlap has thru a long period of years been connected with immigration work as a field secretary and the purpose of her talk yesterday was to emphasize the importance of giving the foreign born population the true idea of what American citizenship means. Because of her work, Miss Dunlap has spent considerable time at Ellis Island and then she has been in the factory districts, the coal mining regions and has come into intimate contact with the foreign elements of the U. S.

Since her work has taken her to the homes and into intercourse with the wives and children of these homes, she could speak from personal observation and experience. The speaker related several incidents not without pathetic features, to show the real desire that many of these foreigners have to comprehend America and to gain that liberty which they have felt before coming to these shores is properly a part of American citizenship.

Miss Dunlap paid special tribute to the worth of Italian citizens, saying that the records of the department showed that it is almost an impossible thing to find an Italian tramp. Then mention was made of the eminent names in Italian history—men who have made gifts to humanity in which this country has had its full share. Before the period of the war immigrants were passing thru Ellis Island at the rate of two every minute of the day and night.

The Mountain Whites
 For a long period Miss Dunlap's work has taken her into the mountain white regions and her experiences there have been of a kind to give special emphasis to what education can do for producing the right ideals of citizenship. In those mountain regions where the poor whites live there is hardly a family that cannot trace its history back to the days of the Revolution. The daughters in almost every family have clear title to membership in the D. A. R.

There flows the purest Anglo-Saxon blood in the U. S., yet because of ignorance there is no property worth mentioning, and because no property there are no taxes and so no money for the maintenance of schools or roads. Yet it was such a region that produced Alvin York, the greatest American hero of the war, and today there is a U. S. senator who came from a mountain white family. Education has given its benefits in some parts of the area but a stupendous task remains.

It was a very informing address and gave the Rotarians a new appreciation of the possibilities for work among the aliens who reach this country.

WILL TAKE COMPANY TO SPRINGFIELD TODAY

Capt. Wesley James will leave at 5:20 today with at least twenty-five of the National Guard company for a practice shoot at Camp Lincoln, Springfield, Sunday.

A number of the members of the company were at the camp last week but it was impossible for the main body of the company to get away at that time.

During the last week three more men have joined the company and still more are needed to bring the company strength up to sixty-five in order to qualify for membership in the new regiment which is being formed under the recent reorganization law.

A MUSICAL SUGGESTION.

This is an age of progress. The community which would not be left in the rear must push ahead and keep up with the times. It seems a pity that Jacksonville has no organized band when Virginia, Chapin, Merritt, Winchester and other places have one. The Journal earnestly hopes the present movement to that end will succeed. It must be understood that the band requires work, self denial and expense as well as having a good time, turning out on important occasions and being honored in various ways. Rehearsals must be attended; music and instruments bought, uniforms secured, headquarters rented and the like. Then too, membership in a band is sometimes a handicap for the individual may want to get away for a day or possibly longer and may be so employed that it will be a great inconvenience to his employer.

If Jacksonville is to have a band there should be public spirit on every hand. Men should be willing to contribute money and ready to do all possible to excuse employees when they have them in their places of business. Jacksonville should have a band and it will have one if there is enough of the spirit mentioned above.

Then there is another suggestion made by a veteran musician. Imitate the example of Winchester. As the writer is informed the little capital of little Scott is showing a good example to larger communities. They have a regular musical instructor who teaches boys in the grades right along and when they reach the high school they are ready to enter the high school band. The city buys the instruments and retains possession of them.

In many cases the parents of a promising boy would be willing to buy his instrument and let him keep it after leaving school. Certainly this is a suggestion worthy of consideration. Of course taxes are high, but would not the end justify the increased outlay? It would surely be fine to have such a branch added to the public schools and the result might be something of which our beautiful city may be proud.

THE ROTARY CLUB HOUSE
 The Rotary club house and outing camp on Meredosia Bay which is maintained by the Rotary club of Jacksonville for the free use of organized groups of young people of the community under proper adult supervision was certainly appreciated by Charles F. Ehnie's Boy Scouts who returned from there a few days ago. Its splendid accommodations and delightful location pleased the boys and the adults who were with them.

Harry Walker's Boy Scouts will occupy the club house for several days beginning today and girls of the seventh and eighth grades of the Parochial school under supervision of the Catholic Ladies' Aid society will have the camp for the week beginning August 21st.

The club house is available for the free use of any properly supervised group of young people of the community who have been assigned its use. Groups of young people who wish to enjoy the privileges of the club house should file applications therewith the chairman of the Big Brother Committee of the Rotary club.

THE FIRST CONTINGENT RETURNS

The first contingent of Chicago children started home yesterday morning and the sight of the Wash station was one of mingled regret and happiness. I can hardly be said that the children were especially glad to get away from their kind entertainers for they have been well treated and entertained and go home with regrets at leaving the delightful surroundings they have enjoyed the past two weeks. As Dr. Spooner remarked at the station: "The people have been more benefited than the little folks and so it is and always will be."

One little girl could hardly be persuaded to stay away from her host but clung to him with touching fondness until the train pulled out. There was room on the train for all and the children were in charge of an experienced lady from Chicago and by the time this is read they will all be at home, and if up, will be telling what a glorious time they had in and about Jacksonville. C. F. Ehnie supplied the children with all day suckers and chewing gum.

RAIN DOES NOT KEEP CARNIVAL CROWDS AWAY

The rain last night did not seem to dampen the enthusiasm at the American Legion carnival. There was a large crowd on the dance floor all evening and the different booths and stands were kept busy until a late hour.

No doubt there will be a large number of persons at the Carnival this afternoon and tonight when the Chevrolet car will be given away and the throbred pig donated by Len Small, candidate for the Republican nomination for governor, will be auctioned off.

VACATION CHURCH
 The last of the series of vacation services at the Congregational church will be held Sunday morning at 10:15. Superintendent Woolston of the School for the Blind will speak on "Child Welfare." Miss Dewese will sing. All interested in child welfare are cordially invited to be present at this brief service.

BOY SCOUTS WILL GO TO MEREDOSIA

Troop 2 In Charge of Harry Walker Leaves This Afternoon—Will Spend Week at Rotary Club House.

Troop 2, Boy Scouts of America, under the leadership of Harry Walker, scoutmaster, will leave on the Wash River this afternoon at 12:28 o'clock for Meredosia where they will spend a week at the Rotary club house.

The boys have been making preparations for several days and are anticipating a very enjoyable week. They will be accompanied by L. S. Recker, formerly of the Y. M. C. A., who will return Sunday evening.

The scouts will return home next Thursday evening. Tuesday will be visitors day at the club house and the boys are hoping their parents as well as other citizens of the city will visit the camp at that time.

Those making the trip are Scoutmaster Walker and Scouts George Wetzel, Theodore Wetzel, Hugh Osborne, Samuel Osborne, George Stubblefield, Clarence Boruff, Maurice Johnson, Henry Boston, Arthur Bergstrom, John Hackett, Henry Irving, Alfred Capps, Allen Kelly.

Arthur Bartlett will accompany the party as chef. Mr. Bartlett was down with Ehnie's scout troop and covered himself with glory by his excellent cooking. The boys are anticipating some fine menus while in camp.

OF ILLUSTRIOUS DESCENT
 One gentleman who manifested much interest in the Chicago children was C. E. Rice, residing between Arenzville and Meredosia. The Journal has ascertained that Mr. Rice's grandfather was a Polish nobleman, banished, as were so many of his nation for patriotic reasons, and who sought this land of the free where he might do better and know the luxury of freedom. He had a hard time at first for he had lived in wealth and luxury and had to come down to hard, every day work, but he undertook it bravely and with success.

Rice makes no boast of his ancestry nor was he any more ready to take the children than his neighbors, but the kindness he manifested was gratifying and the same can be said of others in his vicinity. In fact, that was a fine neighborhood and Mr. Rice and Mr. Rexroat said they believed another year a much larger number of city little folks could find a welcome in their vicinity.

CHAUTAUQUA TENTS HERE

The chautauqua tents and chairs are in the city and will be taken at once to the grounds. The task of erecting and arranging the tents will be started early next week, so that everything will be ready for the big assembly in ample time.

The rains have come just in the right season for the chautauqua as copious showers have fallen in the park so that the lake is well filled and all vegetation will be fresh and green. The management is arranging to keep the main entrances to the park dustless during the assembly and the park board will maintain dustless roads in the park. The evening programs will close with motion pictures which will relieve congestion to a considerable degree as a large part of the audiences leaves before the pictures and enable the street cars to handle the crowds in comfort.

BOYS' AND GIRLS' MEETS AT CHAUTAUQUA

The chautauqua program includes boys' and girls' meets on the last six week day mornings. These meets will include various types of organized play, athletics, competitive games, etc. All boys and girls are cordially invited. The play director will be the Rev. W. Ernest Collins and he will have several assistants. Under the auspices of local scoutmasters, instruction in scouting will be given.

GOES TO SPRINGFIELD

Miss Margaret Barrette left last evening after a visit of several weeks at the home of her sister, Mrs. Martha Barrette, 615 South Diamond street. She went from here to Springfield and will go on to Mendota where she will visit her sister, Mrs. J. A. Wallace. From there she will return to Davenport, Iowa, to take up her work in the public schools.

COW SALE IS HELD AT WOODSON

There was a good sized crowd at Henry's born in Woodson yesterday afternoon for the sale of Jersey and Holstein cattle which had been shipped there by Albert Hayes of Sparta, Illinois. The prices which prevailed were satisfactory. J. L. Henry and C. J. Wright were the auctioneers, and Samul Baxter acted as clerk.

Mrs. J. W. Moon and daughter, Mrs. C. L. Hankins have returned from St. Louis. They have been visiting Mr. and Mrs. G. G. Duncan. Mr. Duncan is Mrs. Moon's son. The trip was made with H. F. Duncan of Champaign in his new Monroe automobile and he found the roads in bad condition from the recent rains.

ENTERTAINED IN HONOR OF RELATIVES

Mrs. W. B. Briscoe entertained about thirty-five of her friends Wednesday afternoon at her home in honor of Mrs. Horace H. Muse and daughters, Misses Melissabell and Henrietta Muse, of Detroit, Mich., and Mrs. Frank Crenshaw, Mrs. E. J. Berry, and Mrs. William Medlock of Chicago. There was much amusement at the fishing pond, each guest being allowed to fish one minute at intervals. Miss Mabel Sanders was the lucky one at the fish pond receiving first prize. Other prizes were won by Miss Arena Mallory and Mrs. Sherman Spencer. Dainty refreshments were served and the afternoon much enjoyed. The same evening at eight o'clock Mrs. Briscoe and Mrs. Fernando Muse entertained about eighteen couple at a dance in honor of their nieces, Misses Melissabell and Henrietta Muse. Refreshments were served and at a late hour the guests departed.

ROTARIANS HELD WEEKLY SESSION

Mrs. Helen Brown Read Heard in Delightful Program—Miss Olive Dunlap Tells of Work Among Immigrants.

At the Rotary club luncheon Friday, held at the Pacific hotel, the members had the pleasure of listening to a group of songs by Mrs. Helen Brown Read and in hearing Miss Olive Dunlap tell something of her work in connection with the immigration department.

At the conclusion of the program President Pontius expressed the pleasure the club members felt in having Mrs. Read and Miss Dunlap present, and the men themselves thru vigorous applause left no doubt as to their enjoyment of the occasion.

Mrs. Read's group included "At Dawning," "Cadman," Two Negro Spirituals, by Cecil Burleigh, and "A Birthday," Woodman. The last song was given as an encore to the preceding selections. Altogether the group was one which gave further proof of Mrs. Read's great ability and the Rotarians felt proud to remember this well known musician is a resident of Jacksonville. Willard Wesner was Mrs. Read's capable accompanist.

Teaching About Citizenship

Miss Dunlap has thru a long period of years been connected with immigration work as a field secretary and the purpose of her talk yesterday was to emphasize the importance of giving the foreign born population the true idea of what American citizenship means. Because of her work, Miss Dunlap has spent considerable time at Ellis Island and then she has been in the factory districts, the coal mining regions and has come into intimate contact with the foreign elements of the U. S.

Since her work has taken her to the homes and into intercourse with the wives and children of these homes, she could speak from personal observation and experience. The speaker related several incidents not without pathetic features, to show the real desire that many of these foreigners have to comprehend America to gain that liberty which they have felt before coming to these shores is properly a part of American citizenship.

Miss Dunlap paid special tribute to the worth of Italian citizens, saying that the records of the department showed that it is almost an impossible thing to find an Italian tramp. Then mention was made of the eminent names in Italian history—men who have made gifts to humanity in which this country has had its full share. Before the period of the war immigrants were passing thru Ellis Island at the rate of two every minute of the day and night.

The Mountain Whites

For a long period Miss Dunlap's work has taken her into the "mountain white" regions and her experiences there have been of a kind to give special emphasis to what education can do for producing the right ideals of citizenship. In those mountain regions where the poor whites live there is hardly a family that cannot trace its history back to the days of the Revolution. The daughters in almost every family have clear title to membership in the D. A. R.

There flows the purest Anglo-Saxon blood in the U. S., yet because of ignorance there are no property worth mentioning, and because no property there are no taxes and no money for the maintenance of schools or roads. Yet it was such a region that produced Alvin York, the greatest American hero of the war, and today there is a U. S. senator who came from a mountain white family. Education has given its benefits in some parts of the area but a stupendous task remains.

It was a very informing address and gave the Rotarians a new appreciation of the possibilities for work among the aliens who reach this country.

WILL TAKE COMPANY TO SPRINGFIELD TODAY

Capt. Wesley James will leave at 5:20 today with at least twenty five of the National Guard company for a practice shoot at Camp Lincoln, Springfield, Sunday.

A number of the members of the company were at the camp last week but it was impossible for the main body of the company to get away at that time.

During the last week three more men have joined the company and still more are needed to bring the company strength up to sixty-five in order to qualify for membership in the new regiment which is being formed under the recent reorganization law.

A MUSICAL SUGGESTION.

This is an age of progress. The community which would not be left in the rear must push ahead and keep up with the times. It seems a pity that Jacksonville has no organized band when Virginia, Chapin, Merritt, Winchester and other places have one. The Journal earnestly hopes the present movement to that end will succeed. It must be understood that a band requires work, self denial and expense as well as having a good time, turning out on important occasions and being honored in various ways. Rehearsals must be attended; music and instruments bought, uniforms secured, headquarters rented and the like. Then too, membership in a band is sometimes a handicap for the individual may want to get away for a day possibly longer and may be so employed that it will be a great inconvenience to his employer.

If Jacksonville is to have a band there should be public spirit on every hand. Men should be willing to contribute money and ready to do all possible to excuse employees when they have them in their place of business. Jacksonville should have a band and it will have one if there is enough of the spirit mentioned above.

Then there is another suggestion made by a veteran musician. Imitate the example of Winchester. As the writer is informed the little capital of Little Scott is showing a good example to larger communities. They have a regular musical instructor who teaches boys in the grades right along and when they reach the high school they are ready to enter the high school band. The city buys the instruments and retains possession of them.

In many cases the parents of a promising boy would be willing to buy his instrument and let him keep it after leaving school. Certainly this is a suggestion worthy of consideration. Of course taxes are high, but would not the end justify the increased outlay? It would surely be fine to have such a branch added to the public schools and the result might be something of which our beautiful city may be proud.

THE ROTARY CLUB HOUSE

The Rotary club house and outing camp on Meredosia Bay which is maintained by the Rotary club of Jacksonville for the free use of organized groups of young people of the community under proper adult supervision was certainly appreciated by Charles F. Ehnie's Boy Scouts who returned from there a few days ago. Its splendid accommodations and delightful location pleased the boys and the adults who were with them.

Harry Walker's Boy Scouts will occupy the club house for several days beginning today and girls of the seventh and eighth grades of the Parochial school under supervision of the Catholic Ladies' Aid society will have the camp for the week beginning August 21st.

The club house is available for the free use of any properly supervised group of young people in Morgan county who have been assigned its use. Groups of young people who wish to enjoy the privileges of the club house should file applications therewith the chairman of the Big Brother Committee of the Rotary club.

THE FIRST CONTINGENT RETURNS

The first contingent of Chicago children started home yesterday morning and the sight of the Wabash station was one of mingled regret and happiness. It can hardly be said that the children were especially glad to get away from their kind entertainers for they have been well treated and entertained and go home with regrets at leaving the delightful surroundings they have enjoyed the past two weeks. As Dr. Spoonst remarked at the station: "The people have been more benefited than the little folks and so it is and always will be."

One little girl could hardly be persuaded to stay away from her host but clung to him with touching fondness until the train pulled out. There was room on the train for all and the children were in charge of an experienced lady from Chicago and by the time this is read they will all be at home, and if up will be telling what a glorious time they had in and about Jacksonville. C. F. Ehnie supplied the children with all day suckers and chewing gum.

RAIN DOES NOT KEEP CARNIVAL CROWDS AWAY

The rain last night did not seem to dampen the enthusiasm at the American Legion carnival. There was a large crowd on the dance floor all evening and the different booths and stands were kept busy until a late hour.

No doubt there will be a large number of persons at the Carnival this afternoon and tonight when the Chevrolet car will be given away and the thoroughbred pig donated by Len Small, candidate for the Republican nomination for governor, will be auctioned off.

VACATION CHURCH

The last of the series of vacation services at the Congregational church will be held Sunday morning at 10:15. Superintendent Woolston of the School for the Blind will speak on "Child Welfare." Miss Dewese will sing. All interested in child welfare are cordially invited to be present at this brief service.

BOY SCOUTS WILL GO TO MEREDOSIA

Troop 2 In Charge of Harry Walker Leaves This Afternoon—Will Spend Week at Rotary Club House.

Troop 2, Boy Scouts of America, under the leadership of Harry Walker, scoutmaster, will leave on the Wabash Flyer this afternoon at 2:28 o'clock for Meredosia where they will spend a week at the Rotary club house.

The boys have been making preparations for several days and are anticipating a very enjoyable week. They will be accompanied by L. S. Recker, formerly of the Y. M. C. A. who will return Sunday evening.

The scouts will return home next Thursday evening. Tuesday will be visitors day at the club house and the boys are hoping their parents as well as other citizens of the city will visit the camp at that time.

Those making the trip are Scoutmaster Walker and Scouts George Wetzel, Theodore Wetzel, Hugh Osborne, Samuel Osborne, George Stubblefield, Clarence Boruff, Maurice Johnson, Henry Boston, Arthur Bergstrom, John Hackett, Henry Irving, Alfred Capps, Allen Kelly.

Arthur Bartlett will accompany the party as chef. Mr. Bartlett was down with Ehnie's scout troop and covered himself with glory by his excellent cooking. The boys are anticipating some fine menus while in camp.

OF ILLUSTRIOUS DESCENT

One gentleman who manifested much interest in the Chicago children was C. E. Rice, residing between Arenzville and Meredosia. The Journal has ascertained that Mr. Rice's grandfather was a Polish nobleman, banished, as were so many of his nation for patriotic reasons, and who sought this land of the free where he might do better and know the luxury of freedom. He had a hard time at first for he had lived in wealth and luxury and had to come down to hard, every day work, but he undertook it bravely and with success.

Rice Rice makes no boast of his ancestry nor was he any more ready to take the children than his neighbors, but the kindness he manifested was gratifying and the same can be said of others in his vicinity. In fact, that was a fine neighborhood and Mr. Rice and Mr. Rexroat said they believed another year a much larger number of city little folks could find a welcome in their vicinity.

CHAUTAUQUA TENTS HERE

The chautauqua tents and chairs are in the city and will be taken to the grounds. The task of erecting and arranging the tents will be started early next week, so that everything will be ready for the big assembly in ample time.

The rains have come just in the right season for the chautauqua as copious showers have fallen in the park so that the lake is well filled and all vegetation will be fresh and green. The management is arranging to keep the main entrances to the park dustless during the assembly and the park board will maintain dustless roads in the park. The evening programs will close with motion pictures which will relieve congestion to a considerable degree as a large part of the audiences leaves before the pictures and enable the street cars to handle the crowds in comfort.

COW SALE IS HELD AT WOODSON

There was a good sized crowd at Henry's born in Woodson yesterday afternoon for the sale of Jersey and Holstein cattle which had been shipped there by Albert Hayes of Sparta, Illinois. The prices which prevailed were satisfactory. J. L. Henry and C. J. Wright were the auctioneers, and Samul Baxter acted as clerk.

Mrs. J. W. Moon and daughter, Mrs. C. L. Hankins have returned from St. Louis. They have been visiting, Mo., and G. G. Duncan, Mr. Duncan is Mrs. Moon's son. The trip was made with H. F. Duncan of Champaign in his new Monroe automobile and he found the roads in bad condition from the recent rains.
